Animal Welfare: Cage-Free Eggs

2024 Progress Report

Animal Welfare: **Cage-Free Eggs** 2024 Progress Report

Our Commitment

As a global leader within the Food and Beverage sector, the Ebro Group recognises animal welfare as a fundamental component of our Responsible Sourcing and Ethical Business practices. Our commitment to animal welfare is embedded in our due diligence towards, and within, our supply chain, reflecting strict compliance standards on animal welfare.

Cage-Free Eggs - 2024 Progress

Within this context, Ebro Group's Global Sustainability Plan (GSP), "**HEADING TO 2030**" ponders the objective of a **100% "cage-free egg" supply chain**¹ since 2019.

We are pleased to report strong progress in our transition to cage-free eggs across our global supply chain. As of this reporting period, 2024, the cage-free eggs sourced for our branded products continue to increase year-over-year or have already reached the 100% objective.

COUNTRY	% CAGE-FREE EGGS	NEAR-TERM OBJECTIVE
Italy	69 %	100% by 2026
Spain	100 %	✓
France	87 %	100% by 2025
United Kingdom	100 %	✓

The Ebro Group can proudly acknowledge its firm and steady progress, resultant of our close collaboration with suppliers, and engagement with our commercial and business partners.

We continue to work towards our commitment to animal welfare, and we continue to work towards achieving 100% cage-free egg sourcing globally.
