

**INTERNAL CODE OF MARKET CONDUCT  
OF EBRO FOODS, S.A.**

**April 2026**

## INTRODUCTION

On 29 April 2026, the Board of Directors of Ebro Foods, S.A. (hereinafter “**Ebro Foods**” or the “**Company**”) approved this Internal Code of Market Conduct to modify and replace the Code previously in force, approved on 30 June 2020.

This text is included in a process of actions taken by the Company within the framework of constant review of its internal regulations to adjust them to the legal provisions and criteria of the National Securities Market Commission (“**CNMV**”) in place from time to time. In this regard, although Royal Decree-Law 19/2018 of 23 November on payment services and other urgent financial measures eliminated the obligation for issuers to have regulations for securities market conduct, the Company has considered it good internal control practice to maintain its Code, in keeping with the indications of the CNMV<sup>1</sup>, primarily to assist the knowledge and fulfilment of their obligations by those on whom such obligations are incumbent under the current market abuse regulations.

The purpose of this Internal Code of Market Conduct (the “**Code**” or “**Code of Market Conduct**”) is to establish a set of rules conforming to the laws and regulations in place from time to time, governing the conduct by the Company and the Relevant Persons (as defined hereinbelow) in the different areas regulated in the Code, all relating to its actions in the security markets.

## PART I

### DEFINITIONS

#### SUBJECTIVE AND OBJECTIVE SCOPE OF APPLICATION

##### Rule 1. DEFINITIONS

For the purpose of this Internal Code of Market Conduct, the following terms shall have the meanings ascribed to them below:

**External Advisers:** Those individuals who, although not members of the Company's Board of Directors, executives or employees, render financial, legal, consultancy or any other services to the Company or any company in the group headed by the Company ("**Ebro Group**") in their own name or as representatives or employees of a legal person within a civil or commercial relationship and who, by virtue whereof, have access to Inside Information. In the case of legal persons, this consideration of External Adviser shall apply to its directors, executives or employees who participate in the counselling and have access to Inside Information.

**CNMV:** The National Securities Market Commission or such body as may replace it in the future.

**Confidential Documents:** Documents in any format or on any carrier containing Inside Information.

**Ebro Group:** Ebro Foods, S.A. and all the companies directly or indirectly controlled by it, as per Article 42 of the Code of Commerce.

**Inside Information:** Information of a specific or precise nature referring directly or indirectly to one or several Relevant Securities, or to one or several issuers of such securities or financial instruments, which has not been made public and which, if it were or had been made public, could have had a significant effect on their market price.

For this purpose, it shall be considered that information may have a significant effect on the price when that information would probably be used by a reasonable investor as one of the basic reasons behind their investment decisions.

Furthermore, the information shall be considered precise if it refers to a number of circumstances that are produced, or may reasonably be expected to be produced, or an event that has occurred, or may reasonably be expected to occur, when that information is sufficiently specific to enable a conclusion to be drawn on the possible effect(s) of those circumstances or that event on the prices of the Relevant Securities. For this purpose, in the case of a process extended over time that is intended to generate or result in certain circumstances or a specific event, both that future circumstance or event and any intermediate stages in the process that are linked to the generation or stimulation of that future circumstance or event may be considered precise information.

An intermediate stage in a process extended over time shall be considered Inside Information if, in itself, it meets the criteria set out above defining Inside Information.

**Insiders:** Relevant Persons and other executives and employees of the Company or the Ebro Group, as well as the External Advisers or any other persons contracted by the Company who have Inside Information in connection with a specific transaction or a given situation.

**List of Insiders:** A documentary register kept by the Compliance Unit, in which Insiders shall be recorded as long as they hold that status, pursuant to Rule 9 of this Code.

**Trading in Relevant Securities:** For the purpose of this Code, trading shall be any spot or future transaction for the purchase, sale or transfer of Relevant Securities, provisionally or definitively, under a limited or full title. The cancellation or modification of an order concerning Relevant Securities shall also be considered Trading therein.

**Relevant Persons:** Relevant Persons shall be: (i) Persons with Management Responsibilities, (ii) the Secretary and Vice-Secretary, even though they are not Directors, (iii) the members of the Compliance Unit, (iv) the executives and other employees of the Company with regular, recurring access to Inside Information directly or indirectly related with the Company and the companies in the Ebro Group that are declared Relevant Persons by the Compliance Unit and (v) any person other than the above determined by the Compliance Unit for the purpose of this Code, in accordance with the laws and regulations in place from time to time.

**Persons with Management Responsibilities:** Members of the Board of Directors of the Company and senior executives.

For this purpose, senior executives shall be the executives of the Company who are not members of the Board of Directors of Ebro Foods and are considered as such by the Compliance Unit for the purpose of this Code, based on their regular access to Inside Information directly or indirectly related with the Company and who also have the power to adopt management decisions affecting the future development and business prospects of the Company.

**Persons Closely Associated:** The following shall be considered Persons Closely Associated with Persons with Management Responsibilities: (a) the spouse or person with an equivalent sentimental relationship under domestic laws; (b) dependent children under domestic laws; (c) any other relatives who have lived with the Person with Management Responsibilities for at least one year prior to the date of trading; (d) a legal person, trust or association, in which the Person with Management Responsibilities in question or any of the other persons mentioned above, holds an executive position; or which is directly or indirectly controlled by the Person with Management Responsibilities in question or any of the other persons mentioned above; or that has been created for their benefit; or whose economic interests largely coincide with those of the Person with Management Responsibilities in question or any of the other persons mentioned above.

**Periods of Restricted Activity:** Intervals of time during which Trading in Relevant Securities is prohibited under Rule 5 of this Code.

**Company or Issuer:** Ebro Foods, S.A.

**Compliance Unit:** The internal body which, among other tasks assigned to it in the Code, shall ensure compliance herewith.

**Relevant Securities:** (i) Any fixed-income securities, equities, stock options, derivatives or other securities or instruments issued by any of the companies in the Ebro Group that are listed, or for which listing has been requested, on stock exchanges or regulated markets, multilateral trading systems or organised trading systems; and (ii) any financial instruments whose price or value depends on the financial instruments contemplated in (i) above or which affects their price or value, such as credit default swaps (CDS) or contracts for differences (CFD).

## **Rule 2. SUBJECTIVE AND OBJECTIVE SCOPE OF APPLICATION**

- 2.1. Save otherwise expressly stated herein, this Code of Market Conduct shall be applicable to: (i) the Relevant Persons, (ii) the Insiders and (iii) the Persons Closely Associated with Persons with Management Responsibilities.
- 2.2. The regulations established in the Code of Market Conduct are applicable in relation to the Relevant Securities.

## **Rule 3. REGISTER OF RELEVANT PERSONS**

- 3.1. The Relevant Persons shall be recorded in a register (the “**Register of Relevant Persons**”). The Compliance Unit will be competent and responsible for compiling and updating that register.
- 3.2. The contents of the Register of Relevant Persons shall conform to the laws and regulations in place from time to time.
- 3.3. The Register of Relevant Persons shall be updated: (i) in the event of any change in the reasons why a person was included; (ii) when it is necessary to add a person; and (iii) when it is necessary to exclude a person from the register.
- 3.4. The Company shall inform Relevant Persons, through the Compliance Unit, of their inclusion in the Register of Relevant Persons, that they are bound by the Code, the duty of confidentiality in respect of Inside Information, the prohibition to use that information, breaches and any penalties that might be applied in the event of inappropriate use of that information. For this purpose, the Relevant Person shall be issued a copy of the Code and shall duly send the Compliance Unit acknowledgement of receipt and a declaration of their awareness of the contents of the Code. They shall also send, where appropriate, an initial declaration of the holding of Relevant Securities, as per **Annex I** hereto.
- 3.5. Persons with Management Responsibilities shall inform the Company of the individuals and/or legal persons considered Persons Closely Associated with them. For this purpose, the Persons with Management Responsibilities shall complete the form appended in **Annex II** to this Code and send it to the Compliance Unit, for the attention of the Secretary. They shall also notify the Compliance Unit, through the Secretary, of any change in respect of their Persons Closely Associated of whom

the Compliance Unit has been notified from time to time, indicating the specific change and the reasons for it.

## PART II

### RULES OF CONDUCT FOR TRADING IN RELEVANT SECURITIES

#### Rule 4. DISCLOSURE OBLIGATIONS

- 4.1. The Persons with Management Responsibilities and their Persons Closely Associated shall inform the Company, through the Compliance Unit, of all Trading in Relevant Securities made on their own account, directly or indirectly. Notifications shall be made immediately, and no later than three (3) business days after the date of the relevant Trading.

The Persons with Management Responsibilities shall notify Persons Closely Associated with them in writing of their consideration as such and their obligations under this Code. For this purpose, they shall send their Persons Closely Associated the notification appended in **Annex III** hereto and obtain an acknowledgement of receipt thereof from the addressee.

The Persons with Management Responsibilities shall keep a copy of the notification sent to their Persons Closely Associated and send it to the Compliance Unit if so required.

- 4.2. The notification obligation established in the preceding paragraph shall also be applicable in respect of:
- (i) The pledging or lending of Relevant Securities;
  - (ii) Trading by any person who prepares or fills transactions or anyone acting on behalf of any of the persons contemplated in 0 above, even when they have discretionary powers;

Trading in Relevant Securities within the framework of a life insurance policy when (i) the policyholder is one of the persons indicated in 0 above; (ii) the policyholder assumes the risk of the investment; and (iii) the policyholder has the power or discretionary power to make investment decisions in respect of specific instruments in that life insurance policy or effecting transactions in respect of specific instruments for that life insurance policy.

- 4.3. Trading in Relevant Securities shall be reported using the templates established by law for this purpose. To comply with this obligation, all Trading in Relevant Securities made by the Persons Closely Associated with Persons with Management Responsibilities may be reported by the Person with Management Responsibilities to whom the person who made the transaction is considered a Person Closely Associated.

The disclosure of Trading in Relevant Securities shall contain at least the following information:

- a) the name, surnames, office and position of the Person with Management Responsibilities or, where appropriate, the name and surnames of the Person Closely Associated;
  - b) the reason for notification;
  - c) name of the issuer;
  - d) description and identifier of the financial instrument;
  - e) nature of the Trading in Relevant Securities;
  - f) date and place of the Trading in Relevant Securities; and
  - g) price and volume of the Trading in Relevant Securities.
- 4.4. The obligation to disclose the transactions contemplated above shall be applicable to all transactions made after reaching a threshold of 20,000 euros (or such higher threshold as may be established by the CNMV). That threshold shall be calculated in respect of all the transactions made within any one calendar year, adding together all Trading in Relevant Securities, without set-off. After this initial disclosure, the Persons with Management Responsibilities and Persons Closely Associated shall disclose each and every subsequent transaction made within the same calendar year.
- 4.5. Furthermore, immediately upon acquiring status as such, Persons with Management Responsibilities shall disclose in writing all Relevant Securities they hold, as per the notification set out in **Annex I**.
- 4.6. The Compliance Unit may, should it so deem fit, request additional information from a Person with Management Responsibilities, or from one of the Persons Closely Associated with them, on any transaction contemplated in this Rule.
- 4.7. The reporting obligations established in the preceding paragraphs shall also include any transactions decided by portfolio managers or attorneys, even without any intervention by the Persons with Management Responsibilities or Persons Closely Associated. Any Persons with Management Responsibilities or Persons Closely Associated with them who have engaged third parties to manage their securities portfolios or granted powers of attorney to trade on the securities market shall either exclude the Relevant Securities from the scope of management or powers or establish such mechanisms as may be necessary to ensure that any Trading in Relevant Securities is promptly reported to the Compliance Unit.
- 4.8. The disclosure obligation established in this rule is independent of the disclosures that Persons with Management Responsibilities and Persons Closely Associated with them may be obliged to make to the CNMV under the laws and regulations in place from time to time.

**Rule 5. PERIODS OF RESTRICTED ACTIVITY**

5.1. Persons with Management Responsibilities shall not directly or indirectly trade in Relevant Securities for their own account or that of a third party, directly or indirectly:

- (i) During the 30 calendar days prior to the publication of an interim or annual financial report that the Company is obliged to publish under the rules of the trading centre in which the Company's shares are admitted to listing or national law. The Compliance Unit shall inform the Persons with Management Responsibilities through the company Secretary of the commencement of each Period of Restricted Activity.
- (ii) Or at any other time or in any other period when this is justified by prevailing circumstances, provided this is permitted by law and decided by the Board of Directors or the Compliance Unit. The Persons with Management Responsibilities shall be notified as early as possible of any such Period of Restricted Activity.

The aforesaid duty to abstain is without prejudice to the general duty to abstain from Trading in Relevant Securities by any persons having access to Inside Information, as per Rule 6 below.

5.2. This notwithstanding, in any circumstances in which this is permitted by the laws in place from time to time, the Company may authorise Persons with Management Responsibilities, within the prohibition period established in the preceding paragraph, to trade for their own or a third-party account for a limited period of time. Among other situations in which this may be legally permitted, they may be authorised in any of the following cases:

- (i) In exceptional circumstances such as serious financial difficulties requiring the immediate sale of shares; or
- (ii) When transactions are negotiated within or in connection with an employee savings or stock option scheme or in connection with the rating or subscription of shares, and when transactions are negotiated in which there is no change in the ultimate owner of the security in question, since those transactions have special features.

The Company shall consider the assessment indicators and circumstances determined from time to time by the applicable laws and regulations on market abuse before granting authorisation.

**Rule 6. BAN ON TRADING IN RELEVANT SECURITIES WITH INSIDE INFORMATION**

6.1. Relevant Persons, Insiders and, in general, anyone having Inside Information, shall abstain from performing any of the following, directly or indirectly, for their own or third-party account:

- (i) Preparing, trading or attempting to trade in Relevant Securities with Inside Information, that is, when they have Inside Information, buying, selling or transferring Relevant Securities, directly or indirectly, for their own or third party account, and cancelling or modifying an order regarding Relevant Securities issued prior to having the Inside Information.
  - (ii) Recommending or inducing other persons to Trade in Relevant Securities with Inside Information.
  - (iii) Unlawfully disclosing Inside Information, which is deemed to occur when a person discloses the Inside Information they have to any other person, save in the normal course of their work, profession or duties.
- 6.2. Relevant Persons who are not Board members may submit queries to the Compliance Unit regarding the application of this Rule 6. Board members and submit queries directly to the company Secretary.
- 6.3. Notwithstanding other cases contemplated in prevailing laws and regulations, the preparation and performance of transactions whose very existence is Inside Information are excepted. Furthermore, the mere fact that a Relevant Person or Insider has, or has had, Inside Information shall not mean that they have used it and, therefore, breached the prohibition established in this Rule 6, provided the Trading in Relevant Securities has been done in good faith in fulfilment of an obligation due and not to get round the prohibitions established in this Rule, and that:
- (i) the obligation derives from an order now due or an agreement made before the person in question became aware of the Inside Information; or
  - (ii) the transaction is made to comply with a legal provision or regulation prior to the date on which the person in question became aware of the Inside Information.
- 6.4. For the purposes of paragraph 6.1(iii) above, any disclosure of Inside Information made within market research on the terms of prevailing laws shall be considered disclosure made within the normal course of work, profession, office or duties of the discloser.

**Rule 7. LIMITATIONS ON MARKET MANIPULATION**

- 7.1. Relevant Persons and Insiders shall not take any personal or corporate action in respect of the Relevant Securities that may constitute market manipulation or an attempt to manipulate the market as contemplated in the applicable laws.
- 7.2. Accordingly, Relevant Persons and Insiders shall not perform, and shall avoid and ensure that the Company avoids engaging in, the following activities in respect of the Relevant Securities:
- a) Perform a transaction, issue a trading order or any other conduct that (i) gives or may give false or deceiving signs regarding the supply, demand or price of Relevant Securities; or (ii) fixes or may fix an abnormal or artificial level of

the price of the Relevant Securities, unless, in both cases, the person who made the transaction or issued the order or performed the conduct proves that it was done for legitimate reasons and in accordance with legally accepted market practice.

- b) Perform a transaction, issue a trading order or any other conduct that affects or may affect the price of the Relevant Securities through fictitious mechanisms or any other form of deceit or manipulation.
- c) Disclose information through the media, including internet, or any other means, in such a way that will or may give false or deceiving signs regarding the supply, demand or price of the Relevant Securities, or that may fix an abnormal or artificial price level of one or several Relevant Securities, including the spreading of rumours, when the person who disclosed it knew or should have known that the information was false or deceiving.
- d) Give false or deceiving information or provide false data regarding a benchmark index when the person giving or providing information knows or should have known that it was false or deceiving, or any other conduct constituting manipulation of the calculation of a benchmark index.

7.3. Transactions or orders in respect of treasury stock made within a buy-back scheme by the Company or measures to stabilise a Relevant Security will not be considered included in the preceding paragraphs, provided they are effected on the conditions established in the laws in place from time to time or, in general, provided they are made in accordance with the prevailing applicable laws.

### **PART III**

#### **RULES OF CONDUCT ON INSIDE INFORMATION AND OTHER IMPORTANT INFORMATION**

##### **Rule 8. OBLIGATIONS REGARDING THE TREATMENT OF INSIDE INFORMATION**

8.1. All the Relevant Persons and Insiders who have Inside Information or documents containing it (“**Confidential Documents**”) are obliged to keep them safe and confidential and adequately preserve them, without prejudice to their duty to inform and collaborate with the judicial and administrative authorities on the terms stipulated in law. They shall, therefore, take adequate measures to prevent that information or those documents from any abusive or inappropriate use and, if necessary, they shall act immediately to correct any consequences of such misuse.

In particular, the following rules shall be followed in respect of Confidential Documents:

- (i) They shall be kept in places with measures of protection that guarantee controlled access.
- (ii) In general, no reproductions or copies shall be made of those documents.

- (iii) Under no circumstances shall they be sent to third parties outside the Ebro Group or its advisers.
- (iv) The documents and any copies thereof shall be destroyed by means that guarantee complete elimination of the information.

The recipients of the Confidential Documents shall comply with the obligations regarding their keeping and custody set out above and will be responsible for any consequences that may arise for the Ebro Group as a result of default thereof.

The provisions of the preceding paragraphs are without prejudice to the specific duties imposed on directors in current legislation.

8.2. During the phases of study or negotiation of any legal or financial transaction that may be considered Insider Trading or entail access to Inside Information, the following rules will be applicable:

- (i) Knowledge of the information shall be strictly limited to those persons within or outside the Ebro Group for whom it is essential.
- (ii) A section will be opened for each transaction in the List of Insiders contemplated in Rule 9 of the Code, recording the identity of all persons with access to the Inside Information and the date as of which each person becomes aware of the information, as well as any other information required by prevailing laws.
- (iii) The persons included in each section of the List of Insiders shall be expressly advised of the price-sensitive nature of the information to which they have access and their duty of confidentiality.
- (iv) Security measures shall be taken for the custody, filing, access, reproduction and distribution of the information, preventing any abusive or inappropriate use thereof.
- (v) Any abusive or inappropriate use of Inside Information shall be reported to the Compliance Unit immediately upon becoming aware of it.
- (vi) The Company shall monitor the evolution on the market of the Relevant Securities and any news published or broadcast by professional distributors of economic information and the media that could affect them.
- (vii) In the event of an abnormal evolution of the volumes of trading or negotiated prices with reasonable signs that said evolution may be due to the premature, partial or distorted publicising of the transaction, the Secretary of the Board shall, after consulting the Chairman of the Board and, as the case may be, the Compliance Unit, take the necessary measures to ensure the immediate publication of the corresponding notification of Inside Information, reporting clearly and precisely the state of the transaction underway or containing a pre-release of the information to be supplied. This notwithstanding, the disclosure

of price-sensitive information may be delayed in the cases contemplated in Rule 10 of this Code of Market Conduct.

- 8.3. The above notwithstanding, on inception of any legal or financial transaction that may be considered Insider Trading or entail access to Inside Information, a person responsible for the transaction will be nominated (the “**Person Responsible for the Transaction**”), who shall:
- (i) Report to the Compliance Unit on the inception of the transaction and their assessment of its possible impact on the prices of the Relevant Securities, providing any additional information that may be requested by the Compliance Unit;
  - (ii) Inform the Compliance Unit of the identity of all persons who have or are going to have access to Inside Information;
  - (iii) Forward the notifications made by the Compliance Unit to the persons having access to the Inside Information on their inclusion in the List of Insiders;
  - (iv) Especially ensure compliance by the persons included in the List of Insiders with this Code and, in particular, any security measures established by the Compliance Unit in respect of the Inside Information.

#### **Rule 9. LIST OF INSIDERS**

- 9.1. The Company, through the Compliance Unit, shall draw up a list of all persons considered Insiders for the purpose of this Code of Market Conduct (the “**List of Insiders**”).
- 9.2. The List of Insiders shall have the contents and format stipulated in the legal provisions in place from time to time. The List shall be divided into separate sections corresponding to each different item of Inside Information, adding new sections whenever a new item of Inside Information is known.
- 9.3. Each section of the List of Insiders shall include only the details of the persons with access to the Inside Information contemplated in that section.
- 9.4. The List of Insiders shall be updated: (i) in the event of any change in the reasons why a person was included; (ii) when it is necessary to add a person; and (iii) when it is necessary to exclude a person from the List . The details recorded in the List of Insiders shall be kept for at least five (5) years after its creation or last update.
- 9.5. The Company, through the Compliance Unit, shall inform the persons in the List of Insiders of their inclusion and their obligation to comply with this Code and the legal provisions on market abuse, breaches and penalties applicable to trading using Inside Information and the unlawful disclosure of Inside Information, requiring them to declare in writing that they are aware of this, as per the model appended in **Annex IV**.

- 9.6. The List of Insiders shall be delivered promptly to the competent authorities on request.

**Rule 10. PUBLIC DISCLOSURE OF INSIDE INFORMATION**

- 10.1. The Company shall make the Inside Information directly concerning it public as soon as it is able, in a notification of “Inside Information” to the CNMV, on the terms and with the exceptions established in the applicable laws and regulations on the disclosure of Inside Information.

The Company shall ensure that the Inside Information is disclosed in a form that allows rapid access and a full, correct, timely assessment of the information by the public and, where appropriate, through the officially established channel, in accordance with the disclosure system established by law.

The contents of the notification of Inside Information shall be true, clear, complete and, whenever so required by the nature of the information, quantified, to avoid misleading or deceit. When announced, that information shall be identified as “Inside Information”.

- 10.2. For this purpose, any person who is aware of any Inside Information that should be disclosed shall inform the Chairman of the Board. The Persons with Management Responsibilities are especially obliged to ensure correct public disclosure of any Inside Information.
- 10.3. On receiving the notification, the Chairman of the Board, assisted by such persons as he may deem fit, shall decide on one of the following alternatives:
- (i) Immediate publication of the Inside Information in a notification of “Inside Information” to the CNMV, issuing instructions to the Company’s liaisons with the CNMV to send that notification.

The notification of Inside Information shall be sent through the specific channel provided for this purpose and conform to the legal provisions in place from time to time in respect of content and format.

Once the CNMV has been notified, the Company will include all the Inside Information on its website and keep it there for at least five (5) years.

Inside Information may also be published through other media, although only after disclosure to the CNMV.

- (ii) On the Company’s responsibility, postpone the publication and disclosure of the Inside Information whenever it is considered that: (i) said disclosure may be detrimental to the Company’s legitimate interests; (ii) the deferral is not liable to mislead or deceive the public; and (iii) the Company is able to guarantee the confidentiality of the information. If the Company defers disclosure of any Inside Information under this point, it shall inform the CNMV of its decision to do so on the terms stipulated in law, immediately after making the information public. This notwithstanding, the Company shall

only send the CNMV an explanation on how the conditions established in the laws and regulations in place from time to time for the disclosure of Inside Information are met if and when the CNMV expressly so requests.

However, if after deferring the disclosure of Inside Information, its confidentiality ceases to be guaranteed, the Company shall publish that information at the earliest opportunity.

- 10.4. Any rectification of an announcement of Inside Information shall be made in a new announcement, clearly identifying the original announcement and specifying what aspects are rectified. This shall by no means imply substitution of the new announcement for the original one.
- 10.5. The Company may request authorisation from the CNMV, in exceptional cases and stating its reasons, to delete an announcement of Inside Information. Such elimination may only be made, at the discretion of the CNMV, if the announcement published may lead to an error that cannot be remedied with a subsequent announcement or contains details that were disclosed unwittingly and are not Inside Information.
- 10.6. Any announcement that the Company may plan to publicise through the media shall be previously reported to and assessed by the Chairman of the Board to establish the need to previously send a formal announcement to the market of any Inside Information.

Those responsible for Communication shall comply with this protocol before issuing any press release or similar communications.

- 10.7. The Company shall monitor the volume of trading and price of the Relevant Securities and any news that may be published on them in the media and by professional distributors of economic information.
- 10.8. On detecting any news or rumours regarding the Company and/or its Relevant Securities referring to inside information that has not been previously published, the Compliance Unit will analyse the truth and importance of the news or rumour and, if the news or rumour is sufficiently accurate to conclude that the confidentiality of that information is not guaranteed, it shall be disclosed in accordance with the provisions of this Rule 10.

The Compliance Unit, together with the Chairman of the Board, shall respond to any requests received from the CNMV in connection with the news or rumour.

**Rule 11. PUBLIC DISCLOSURE OF “OTHER IMPORTANT INFORMATION”**

The Company shall notify the CNMV as “Other Important Information” and publish on its website any financial or corporate information not classified as Inside Information concerning the Company or its Relevant Securities, whenever: (i) it is obliged to disclose that information by virtue of a law or regulation in place in Spain, or (ii) the Company considers it necessary to inform investors, owing to its special interest.

This notification to the CNMV shall be made prior to or simultaneously with disclosure of the information through whatsoever other means. Notifications of “Other Important Information” shall be sent to the CNMV through the specific channel provided for this purpose.

The contents of these notifications shall be true, clear, complete and, whenever so required by the nature of the information, quantified, to avoid misleading or deceit.

## **PART IV**

### **RULES OF CONDUCT IN RESPECT OF TREASURY STOCK**

#### **Rule 12. GENERAL RULES CONCERNING TREASURY STOCK**

12.1. For the purpose of this Code, trading in treasury stock shall include all trading by the Company, directly or indirectly, in Relevant Securities or other rights having the Relevant Securities as underlying.

12.2. In general, any dealing in the Company’s own shares: (i) shall always be kept within the scope of the authorisation granted to the Board by the General Meeting, (ii) shall not be made on the basis of Inside Information, and (iii) shall not be effected with the aim of intervening in the process of free price formation on the market or favouring certain shareholders or investors of the Company.

12.3. Dealings in treasury stock shall in all cases be made for legitimate purposes, such as:

- a) giving the stocks liquidity or curbing fluctuations in their market price;
- b) executing previously contracted legitimate agreements; or
- c) executing stock purchase or sale plans.

Under no circumstances shall dealings in treasury stock be made to distort free price formation. All transactions and activities contemplated in Rule 7 above shall be avoided.

12.4. Within its specified remit and pursuant to the applicable laws and regulations, the Board shall decide on any plan to buy or sell shares in the Group or Company. The National Securities Market Commission (CNMV) shall be notified of any such plans in due form and pursuant to any applicable legal provisions.

12.5. The Chief Operating Officer shall, after consulting the Chairman of the Board, execute the specific plans and supervise the ordinary transactions contemplated herein, and shall, directly or through the Secretary of the Board, issue such official notifications as may be required by law.

12.6. In the execution of any specific plan, the volume and other terms and conditions of the transaction shall be as contemplated in that plan and any modification thereof shall require prior authorisation from the competent body, with prompt notification to the National Securities Market Commission

**Rule 13. DISCRETIONARY TRADING IN TREASURY STOCK**

- 13.1. As a rule and unless circumstances advise otherwise, the criteria set out in this Rule 13 shall be applied for the discretionary trading in treasury stock.
- 13.2. Treasury stock transactions will generally respect the principles of protection of investors, transparency, fairness and good faith required of issuers, and with the utmost transparency in relations with the management bodies and watchdogs of regulatory markets. The Company may not take a dominant position in the trading. In turn, the purchase and selling prices shall be determined in such a way as not to interfere with the process of free price formation.
- 13.3. The Company shall not buy or sell own shares during public offerings, takeover bids, mergers or any other structural changes in which the Company participates, unless this is clearly stated in the prospectus of the relevant transaction.
- 13.4. Moreover, all trading in own shares shall be suspended, save in exceptional, justified circumstances, during: (i) auction periods on opening or closing of the markets on which the Company's shares are listed; (ii) the period of time from the date on which the Company has decided to postpone the publication and disclosure of Inside Information to the date on which that information is published; (iii) the auction period prior to lifting of the suspension in trading of the shares until there has been cross trading of the security; and (iv) fifteen (15) calendar days prior to registration at the CNMV of the Company's periodical financial information.
- 13.5. The criteria established in this Rule regarding management of the Company's treasury stock will only be applicable provided they are compatible with the laws and regulations on market abuse in place from time to time and shall be adjusted to such regulations as and when this may become necessary.

**PART V****COMPLIANCE UNIT****Rule 13. APPOINTMENT, COMPOSITION, POSITIONS AND DUTIES**

- 14.1. The Compliance Unit, reporting to the Audit, Control and Sustainability Committee, shall perform the duties established in this Code pursuant to the laws and regulations in place from time to time, informing the Audit, Control and Sustainability Committee of its actions as frequently as may be deemed necessary.
- 14.2. The Compliance Unit shall consist of at least the Chief Operating Officer (as the highest authority in Human Resources), the Chief Legal Officer and the Head of Internal Audit. Such other persons as the Audit, Control and Sustainability Committee may deem fit may also be members of the Compliance Unit.
- 14.3. The Compliance Unit shall meet whenever any of its members may deem fit. The member calling the meeting shall notify the other members, indicating the time and date proposed for the meeting and the business to be transacted. The proposal shall be sent with as much notice as possible, taking account of the prevailing

circumstances. The members of the Compliance Unit will be obliged to attend meetings and may only exceptionally grant proxies to another member.

14.4. Decisions of the Compliance Unit shall be adopted by majority vote of those members attending the meeting.

14.5. In addition to any others established in the Code and other governing provisions of the Company, the Compliance Unit shall have the following duties:

- (i) Ensure compliance with the Code.
- (ii) Ensure knowledge of the Code by the Relevant Persons and any others to whom it may be applicable for whatsoever reason.
- (iii) Interpret the rules of the Code and propose amendments, clarifications or updates.

14.6. The Compliance Unit may request any information, documents or background it may consider necessary to perform its duties. It may also request assistance from any Group employees or third parties to perform its duties.

14.7. The duties and powers attributed to the Compliance Unit in the Code shall by no means affect, limit or condition the powers of the Board of Directors and Audit, Control and Sustainability Committee of the Company, as established in prevailing laws and regulations, the Articles of Association and the Regulations of the Board.

## **PART VI**

### **EFFECTIVE DATE AND PENALTIES**

#### **Rule 15. EFFECTIVE DATE**

This Code shall enter into force as of the day after its approval by the Board of Directors.

The Compliance Unit shall, through such persons as it may deem fit, inform the persons bound by this Code of its contents, both upon its entry into force and throughout its validity.

The provisions of this Code are purely internal in scope and content and establish obligations and effects exclusively between the Company and the Relevant Persons.

#### **Rule 16. PENALTIES**

The corresponding administrative penalties and any other consequences established in law may be applicable in the event of any breach of the rules of this Internal Code of Market Conduct, insofar as they develop the regulatory and disciplinary provisions governing the securities market.

When the Relevant Persons are employees of the Company or any of the companies in its Group, the breach may be considered a labour offence, the severity of which shall be determined in the corresponding proceedings.

The English version of this document is purely informative.  
In the event of any discrepancy between the Spanish and English versions of this document, the Spanish version will prevail.
