REPORTING FRAMEWORK

In this report we inform on the social, environmental and/or economic aspects that are important for the Ebro Group. The report has been prepared following the criteria of the GRI standards applicable to the Group’s activities, as well as other internal criteria that the Company has considered important to inform on all material aspects.

SCOPE AND COVERAGE OF THE REPORT

The report presents on a consolidated level the non-financial indicators of all the companies operating the core businesses of the Ebro Group and their respective industrial sites (see Annex 1).

The energy consumption of five of the ten offices leased by the Ebro Group are also excluded, as we do not have consistent quantitative data and because their emissions correspond to Scope 3. Those offices are leased by Ebro Foods, S.A. in Spain (three offices in Madrid, Granada and Barcelona), Riceland in Hungary and Euryza in Germany (commercial office).

CHANGES IN THE REPORTING PERIMETER

During 2022, the Group completed two corporate investment and divestment operations:

1. On 25 February 2022, through the US subsidiary Riviana Foods, the Group reached a binding agreement to purchase the assets of InHarvest, Inc., a US company with a major presence in the industrial business (B2B), Food Service and Private Label for premium specialties of rice, quinoa and grains in the United States.

The operation was completed on 1 April 2022 for a sum of USD 48.75 million and the company has been integrated within the perimeter of Riviana Foods USA.

2. In June 2022, Ebro sold the French company Roland Monserrat, selling sandwiches and fresh ready-to-serve meals, for EUR 22 million.

For the purpose of this Report and with a view to facilitating comparison of the information in the Non-Financial Statements, all the non-financial indicators referring to the divested business of Roland Monserrat have been excluded from the 2021 data and those corresponding to the business of InHarvest have been incorporated in 2022.
